JANUARY 1953

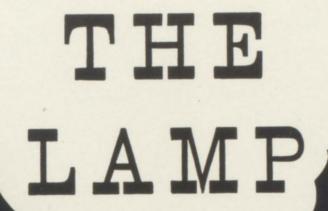

il de amp

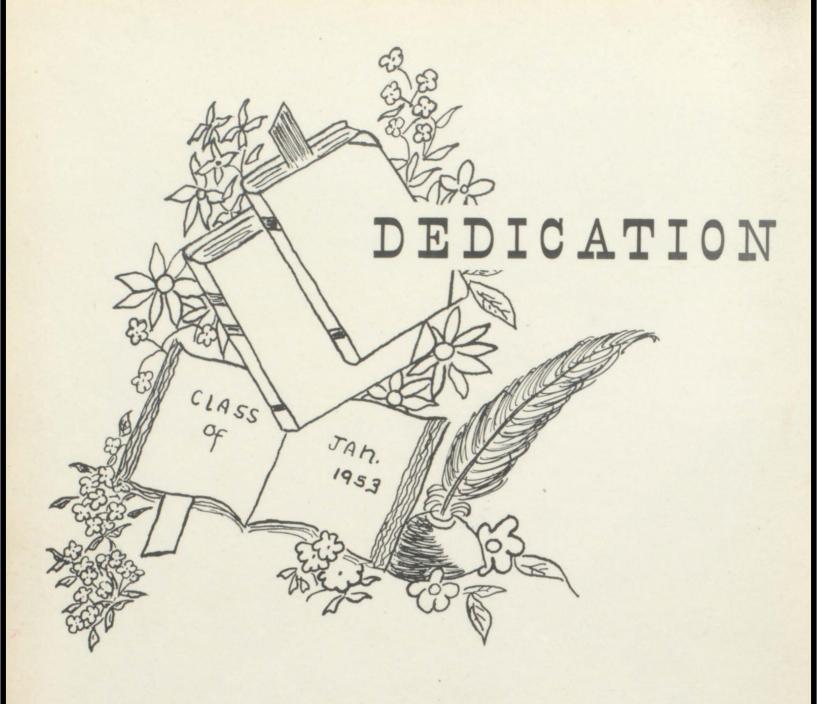

The Class of January 1953 Presents . . .

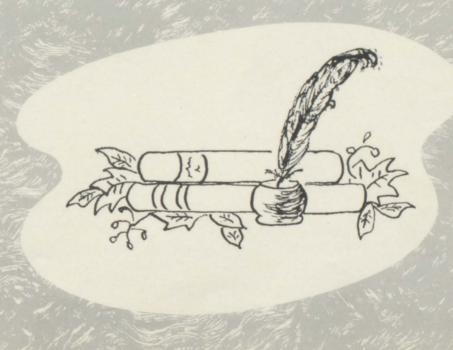

West Side High School Newark, New Jersey

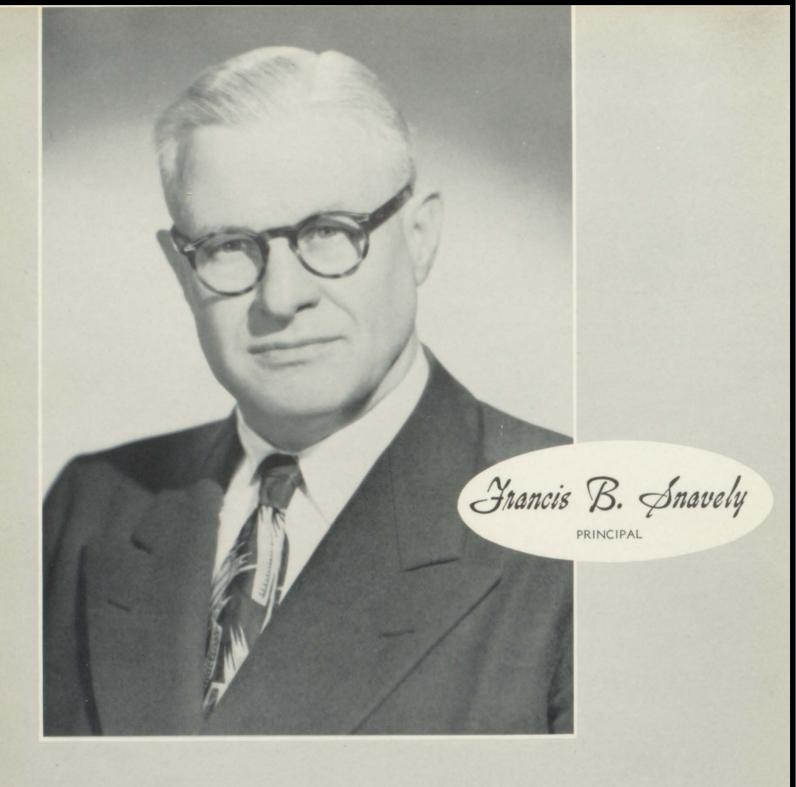

We, the Class of January, 1953 wish to dedicate this, our yearbook, to a great many people. First of all to our many wonderful teachers, whose hard work and earnest efforts to teach us all they knew, can not go without note. To our principal, Mr. Snavely, without whose cheerful guidance and firm discipline our days at West Side would have been impossible. To our parents who, by the very fact that they are our parents and our friends, have helped us over many a milestone in our high-school life. To our advisers, Mrs. Kaplan and Mr. Dudas, whose help in our 4A term can never be forgotten or repaid. Last but certainly not least to our teacher and yearbook adviser, Miss Clarke, without whose extreme patience and guiding hand we would never have accomplished this at all.

We all hold the sincere hope that the future graduating classes will all appreciate their help as much as we did.

FACULTY

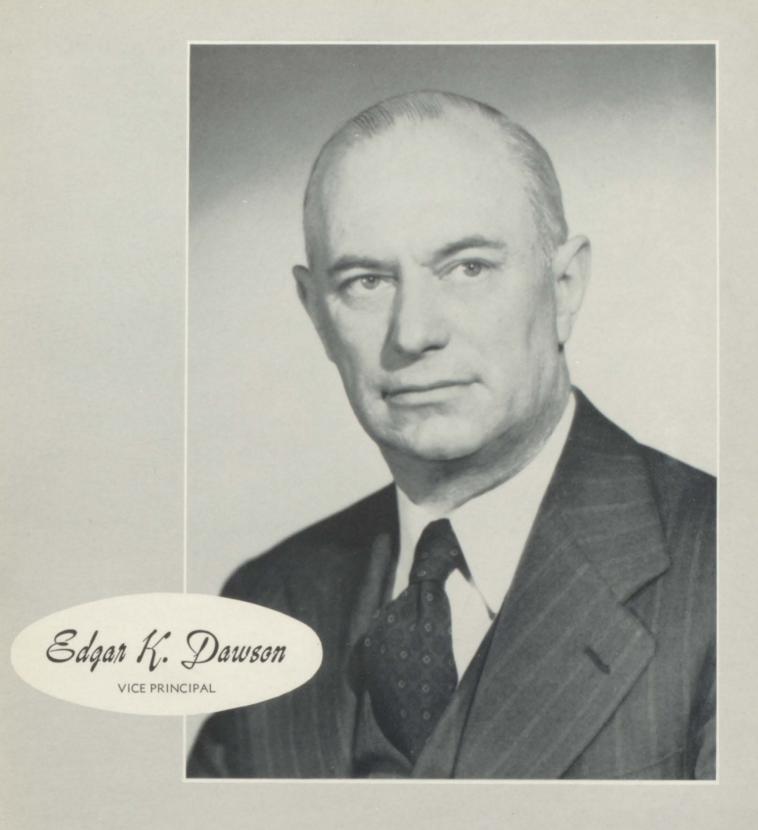

Congratulations...

You have run the race and reached the goal. Two hundred, seventy-six registered as 2B's in February 1950. Today we have one hundred, fifty-five in the 4A Class. The road has been difficult, but you have persevered. You have earned the right to be proud of your achievement.

Let us take a peek at the future. Some twenty-five or thirty per cent of you will continue to be students. The rest are entering upon a vocational career. In either case, you are citizens. You have all the rights and responsibilities of citizens. Assume both in full measure. Your rights include the

Freedoms of the Bill of Rights, but remember, the privilege of Liberty must be won anew by each generation.

Guard your integrity and your self respect zealously. Meet your responsibilities fairly and yours will be a satisfying life. The happiness of candy and ice-cream, I cannot promise you, but, if you walk upright in Spirit, with courage to do your daily tasks and with maturity in your contacts with your family and your fellow men, I can promise you contentment. I would not seek more for you.

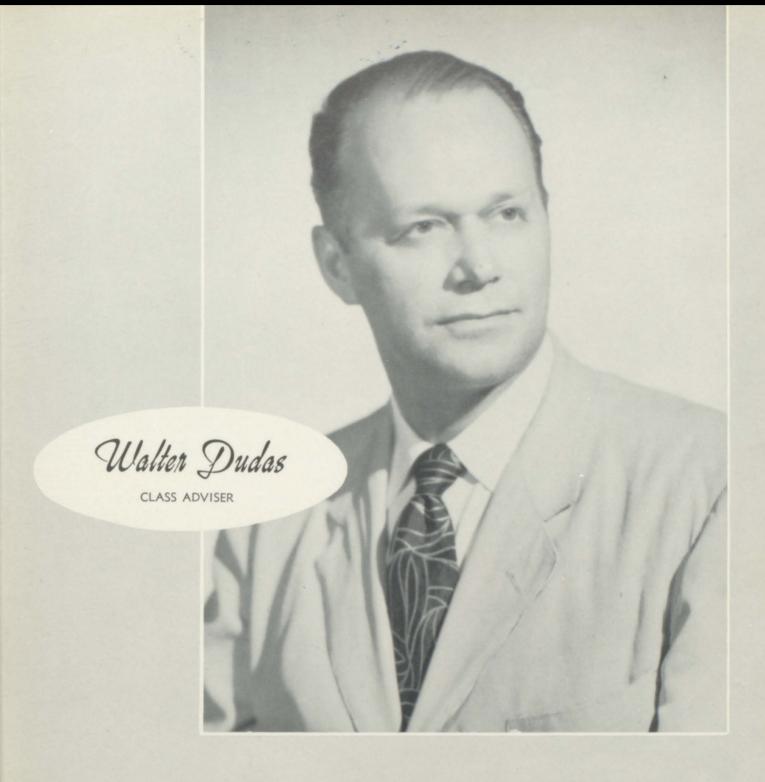

In

We, the Class of January 1953, would like to thank Mrs. Kaplan and Mr. Dudas, our senior class advisers, for the extensive work they did in preparing us for graduation.

Their tireless efforts, extreme patience, and continuous work are what made our graduation possible. Without their help, many obstacles could not have been overcome, and many pleasant memories would have been lost.

Work such as they have done, in an effort to guide and prepare us for

Appreciation ...

graduation, can never be repaid, so we are offering to them our utmost thanks and appreciation.

The guiding hand, which they so fully provided, has enabled us to reach our desired goal, and made us ready to go out into the world surrounding our school.

Their time and efforts have been deeply appreciated, and we trust that the future will prove that they have not been wasted.
